

# Youth Activities

**DELFIN**

CRUISE THE *Amazon*

# Sailing Map

## Night Exploration & Pirhana fishing

**Ever wonder what goes bump in the night?**

Well, we are determined to find out!  
We will explore the jungle at night in search of cayman alligators, snakes, frogs, spiders, and all those creepy crawly friends. Go piranha fishing too!

# Kayaking

**Get ready to explore on your own!**

Meander along the small creeks looking for monkeys and sloths as you paddle up close to the river banks. You can do this with or without a buddy.

## Cooking Classes

**Learn how to make a regional favorite dish – Juane!**

Our delightful chefs will teach blossoming cooks how to prepare this yummy treat filled with spiced rice, chicken, an egg, and a single olive. We invite our Jr. Chefs to be as creative as they want.

## Canopy Walking & Discovery

**Get a bird's eye view of the jungle!**

You will visit a private reserve where we will find the longest suspension bridge in the Amazon Rainforest. 400 meters of bridges allow us to observe birds and monkeys up in the treetops in their natural habitat up close.

# Local Community Visits & Crafts Market

**See the world in a whole new way!**

Get to know how local kids live and how their mothers make crafts to support their families. A great way to pick up souvenirs for your friends back home!

## ACOBIA Manatee Rescue Center

**Form intimate friendships with rescued jungle animals!**

Here, baby manatees are taught how to survive on their own. You will also get the chance to feed the beautiful creatures from your hand, and get to know the other rescued animals such as monkeys, river otters, and more.

## Swimming

### Swim with Pink Dolphins!

If you're lucky, the mysterious and infamous pink Amazon river dolphins will be curious enough to see who is joining them for a swim. Either way, swimming in secluded lagoons and tributaries are a great way to cool off and relax.

## Other Kid-Friendly Activities

- **Games** are a fun way to find out about the plants and animals of the Amazon while taking a break from too much learning! Come up with your best "fish stories" because you'll be **storytelling** with our local guides.
- What's the difference between a cute little frog and one with deadly poison in its skin? Two hints; look for its "blue jeans!" and listen to all the **survival tips** your guide knows!
- It's your chance to try Peru's most popular soft drink -- it tastes like bubble gum! Other **Peruvian snacks** you've never heard of will tickle your taste buds.
- Go the natural route: learn how to **make natural mosquito repellent** from medicinal plants and how to **find water in leaves** during a jungle walk. Here in the Amazon, life centers around the resources of the rainforest.

## Other Kid-Friendly Activities

- **Popcorn and a movie** are a great way to round out the day! You check our selection onboard as well as our **XBOX**.
- **Soccer** is definitely South America's favorite sport. How about playing a game with village kids?
- Brush up on your **Spanish** by quizzing your guide.
- Our **BBQ Night** is a chance to show off your **dance moves** and **musical ability** at a festive dinner. You might even get your parents to wiggle their hips a little! Ask the guys to let you **play one of the traditional Peruvian instruments**, like the **cajon**!
- Spend some time **stargazing** as our guides teach you about the Southern constellations.
