INCLUSIONS ON DELFIN I:

Natural juices, soda, coffee, tea, water, domestic beer, house cocktails, Pisco cocktails & sours, house wines 24/7.

DAY 1

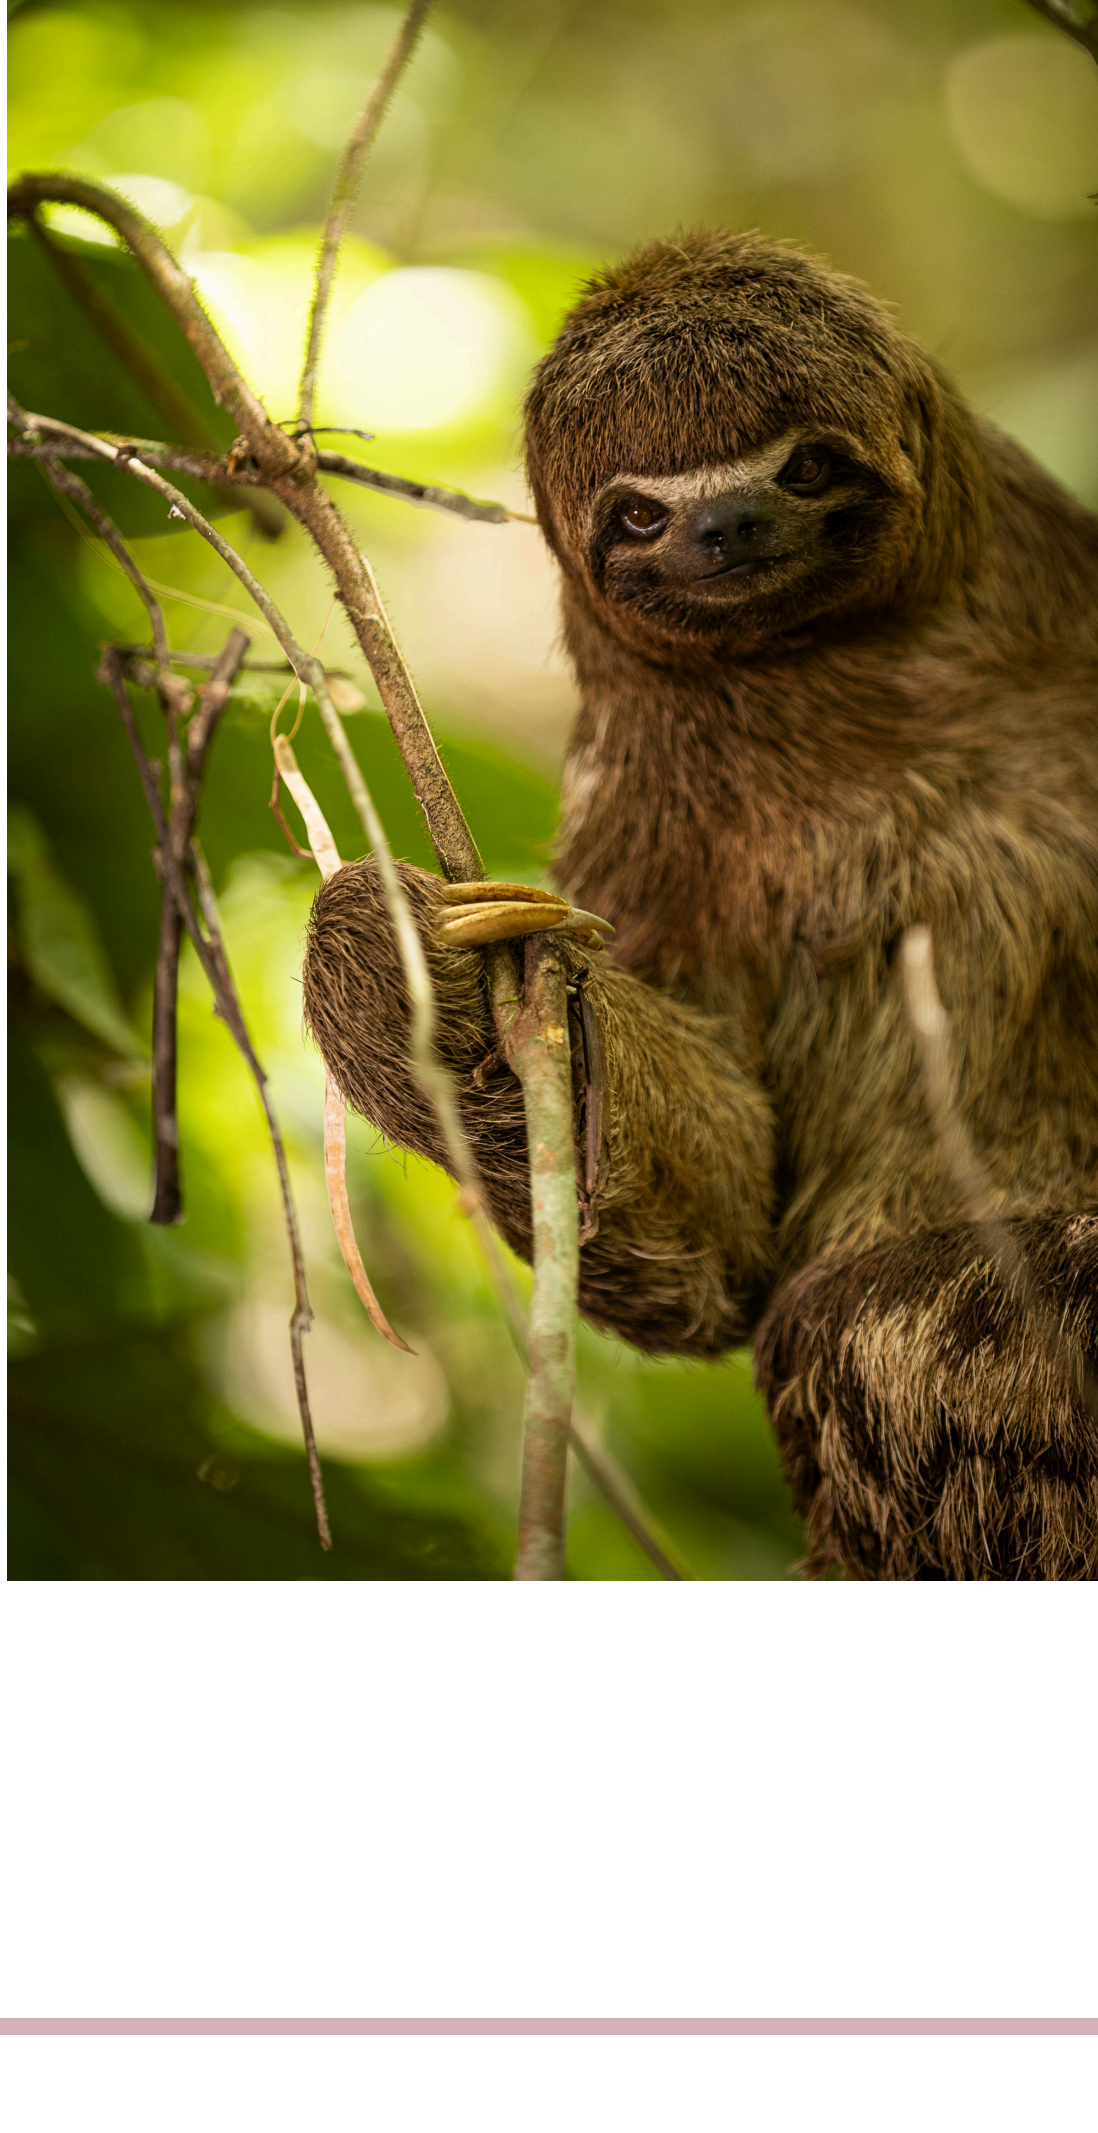

● EMBARKATION & FIRST ENCOUNTERS

Your journey begins in Iquitos, a vibrant gateway city surrounded by jungle and water. Our team welcomes you at the airport and accompanies you in comfort aboard our private vehicle. As you journey toward Nauta, a nourishing lunchbox eases you into the rhythms of the rainforest.

In Nauta, one of the oldest towns in Loreto, you'll be greeted at our private embarkation port. Here begins your intimate encounter with the Amazon. Step aboard your Delfin vessel and settle into your suite —an oasis of calm crafted with local elegance, from handwoven details to natural cotton comforts and your own private terrace.

As the vessel glides into the waters of the Marañón River, join your naturalist guide in the observation lounge for an overview of the journey ahead—its landscapes, wildlife, history, and wonder.

At twilight, set out on your first skiff excursion. As the light softens over the river, watch for herons, monkeys, and sloths among the branches. After sunset, the forest awakens into another world. Search for caimans, owls, and other nocturnal creatures under a starlit canopy. This is the Amazon, after dark—mysterious, alive, unforgettable.

DAY 2

● THE FOREST ABOVE, THE WATER BELOW

Wake with the rising sun to the vibrant sounds of the rainforest. Our day begins in Las Palmas, a haven for birdwatchers. As dawn breaks, the treetops come alive with color and song—macaws, toucans, and countless endemic species in a spectacular aerial ballet unique to the Amazon.

Later, journey into the Amazon Natural Park. Walk along forest trails guided by our naturalists as you uncover the secrets of medicinal plants used for generations by local communities. At the end of the trail, you'll take part in a powerful Shamana Ceremony led by Carola, a revered healer whose deep connection to the jungle spirit offers a rare glimpse into the ancestral heart of the Amazon.

In the afternoon, navigate the serene waters of the Yanayacu River. Glide on kayaks or paddleboards through hidden lagoons and swim near playful pink river dolphins.

During this time of year, the low water season reveals the hidden Amazonian beaches—pristine stretches of sand where we'll pause to enjoy a playful and rejuvenating mud treatment, straight from the riverbed itself.

As twilight fades, the adventure continues with a Night Safari along the Pucate River—where the forest reveals its most mysterious side under the soft glow of the moon.

DAY 3

● WILDLIFE ENCOUNTERS

In the morning, we'll set off by skiff to explore the serene waters of the Marañón River. Our journey will take us to Shiriyacu, a prime location for birdwatching. With a bit of luck, you may spot herons, kingfishers, hawks, and many other vibrant species that fill the Amazon skies with color and song.

In the afternoon, we return to land for a guided walk through Fundo Casual. Along a forest trail surrounded by lush vegetation, you'll uncover the intricate beauty of the rainforest—from tiny frogs and medicinal plants to towering ancient trees. With insights from our expert naturalists, every step reveals a new wonder of the jungle.

DAY 4

● WHERE RIVERS AND CULTURES MEET

We begin our final day with an early morning skiff exploration along the Yarapa River, a peaceful and biodiverse tributary teeming with life. Try your hand at piranha fishing, a thrilling tradition in the Amazon, as you glide past mirrored waters and the forest's gentle stirrings.

In the afternoon, witness the breathtaking natural phenomenon at the Confluence—the sacred union where the Ucayali and Marañón Rivers merge to form the mighty Amazon River. It's a place of power and beauty, symbolizing the endless flow of life in the rainforest.

Our journey continues with a visit to a local riverside community. Here, you'll have the opportunity to connect with the people of the Amazon, learn about their customs, and gain insight into a way of life deeply rooted in harmony with nature.

DAY 5

● A FOND FAREWELL TO THE AMAZON

With warm hearts, our staff will bid you farewell as your journey comes to an end. At Nauta's port, our team will escort you by private vehicle back to Iquitos, a scenic 95-kilometer drive.

Before your flight, enjoy an interactive activity about melipona stingless bees and their crucial role in the Amazonian ecosystem. We'll also visit the Amazon Research Center for Ornamental Fishes, where you can admire the Amazon's vibrant aquatic life—from giant arapaima to colorful freshwater stingrays. This final stop offers a beautiful farewell to the region's rich biodiversity.

Our team will assist with your luggage and check-in at Iquitos airport. At security, your guide and the Delfin crew will warmly say goodbye, hoping your Amazon journey leaves you with unforgettable memories.

BONUS TRACK

Once on board, your naturalist guide will introduce you to the enriching activities that await throughout your journey. From sunrise birdwatching to afternoon wildlife presentations, you'll have the chance to taste exotic jungle fruits you've likely never encountered and even try your hand at preparing a traditional local dish.

Each experience is designed to draw you closer to the Amazon —its flavors, its rhythms, and its hidden wonders. With warmth and care, we invite you to take part in every moment, to learn, to feel, and to savor a little more of this extraordinary world.

ESSENCIAL NOTES:

During your journey, enjoy nature walks with waterproof boots and rain ponchos provided for your comfort, kayak sessions in calm waters guided by a naturalist (weather permitting), catch-and-release fishing, and meaningful visits to local communities where small gifts like T-shirts, school supplies, toys, or candies are warmly appreciated by the children.

RECOMMENDATIONS:

Itineraries may change due to weather or river conditions, with excursions adjusted at the Delfin crew's discretion. Iquitos experiences warm, humid weather with temperatures ranging from 21°C to 33°C (70°F to 90°F). The rainy high-water season runs from January to June, and the dry low-water season from July to December, each bringing distinct changes in wildlife and landscape.

Pack light, breathable clothing, long sleeves, swimwear, soft-soled shoes, and bring layers like cardigans or wind-resistant jackets for cooler nights; waterproof boots and rain ponchos are provided.

To protect against insects, we recommend taking Vitamin B or B-15 before arrival, along with conventional repellents and bite creams. Don't forget sunscreen, a hat, sunglasses, and a camera with extra batteries, we will give you binoculars per cabin.

All of our vessels have WIFI connection on the third deck, we will share the password one you are on board. Tips are customary but not included; about US\$ 320 per passenger is suggested, shared among the crew and guides, with envelopes provided in your cabin. We also recommend bringing around US\$100 in small Soles denominations for purchases outside the main walk, especially at Fundo Casual, known for its beautiful wooden boards.
