THE FIRST CRUISE IN RELAIS & CHÂTEAUX PORTFOLIO.

WOVEN BY NATURE,
CRAFTED FOR YOU
Is more than a statement—it's a promise.

AT DELFIN AMAZON CRUISES,
every journey is a story
waiting to unfold,
where nature is the artisan,
and you are at the heart
of its creation.

PERU

PACAYA SAMIRIA NATIONAL RESERVE

EMBARKATION PORT

The image shows a large, open-plan interior space with a high, vaulted ceiling made of woven palm fronds. The floor is made of polished wooden planks. In the foreground, a long, low wooden table is supported by thick, natural tree trunk legs. To the left, there is a white sofa with cushions and a wicker coffee table. In the background, a bar area with white stools and a counter is visible. The space is filled with natural light and decorated with various wooden and wicker items, including a large piece of driftwood on the table and several hanging lamps. The overall atmosphere is warm and rustic.

BIOREST

RESTAURACIÓN BIOCULTURAL

The first semester of the BioRest Program marked the development of a long-term project that integrates several cross-cutting actions with socio-environmental impact.

Approximately **1700 natives use plants**, were distributed to **6 families across the three participating communities** along the Marañón River, helping shape a **172-hectare** restoration corridor.
