CHATEAUX

FACTSHEET

THE PACAYA SAMIRIA NATIONAL RESERVE & THE PERUVIAN AMAZON EXPERIENCE

In the heart of northern Peru lies the Pacaya Samiria National Reserve, a sanctuary where the rainforest breathes in its purest form. Known as the "mirror forest," this flooded paradise is one of the most protected and biodiverse corners of the Amazon, a place where time flows with the river, and every moment reveals something extraordinary.

For two decades, Delfín Amazon Cruises has guided travelers into this hidden world. As the first **Relais & Châteaux** river cruise in the world, and proudly family-owned, we have redefined luxury in the Amazon with purpose, creating experiences that are deeply connected to nature, culture, and community.

Aboard our boutique vessels, every journey begins with authenticity. Early mornings drift through misty waterways as macaws call from the treetops and sloths awaken with the rising sun. Later, a chilled glass of Amazonian fruit juice welcomes you back, a quiet ritual of comfort between adventures.

In the afternoon, dive into still, glassy lagoons where the world seems to pause, until the leap of a pink river dolphin breaks the silence. As the day closes, cast your line for piranhas beneath a blazing sunset, then return to a three-course dinner inspired by the forest's own abundance.

Every element aboard Delfín , from the sustainably harvested woods that shape our suites to lamps made from paiche fish scales and roofs woven with irapay leaves, reflects our devotion to place and purpose. Even the natural amenities provided onboard are crafted from ingredients born of the jungle.

As night falls, the rhythm of the forest slows. From the open air lounge, the Milky Way stretches above in astonishing clarity, a reminder of how far you've come, and how deeply you've arrived.

This is Delfín Amazon Cruises, pioneers of refined exploration in the Peruvian Amazon. Family-built, Relais & Châteaux certified, and forever guided by the belief that true luxury lies in connection: to nature, to people, and to oneself.

LOW WATER SEASON:
June to November

Ideal for travelers that prefer to walk through the rainforest to discover its flora and fauna. Allows for more trail walks.

HIGH WATER SEASON:
November to June

Ideal for travelers that prefer to duck into otherwise isolated corners of the reserve onboard our skiffs. Allows for more exploration via water.

DINING & DRINKING

Thanks to the cultural diversity of our country, Peruvian gastronomy has become one of the most craved-after kitchens on the continent and the world. Because of this, Delfín, apart from being dedicated to bringing you the adventurous Amazonian spirit into your life, is proud to have the opportunity to present you with a full menu of foods and beverages prepared in utmost style, quality, and originality.

We hope you enjoy the creativity of our specialized kitchen and its crew who work hard to present you with balanced and exquisite menus everyday . Our innovative chef will surprise you with the most exotic culinary delights, always freshly prepared in the school of Peruvian gourmet gastronomy infused with touches and inspirations from the rainforest a round you.

We are happy to accomodate any special diets and restrictions with timely prior notice. The dress code is casual for all excursions and meals.

Arrival day: Dinner
Cruise days: All meals
Departure day: Breakfast

BEVERAGES INCLUDED

Natural juices
Soda
Coffee & tea
Water
Local beer
Pisco based cocktails
House wines at lunch & dinner

ITINERARIES

All of our itineraries have been carefully crafted to showcase the best flora and fauna that the Marañón and Ucayali Rivers in the Pacaya Samiria National Reserve have to boast, along with offering ideal soft adventure excursions for travelers to further discover the secrets of the Peruvian Amazonia.

Itineraries vary based on whether the travel dates fall in the high water/rainy season or low water/dry season.

All activities are optional, although we encourage all guests to tempt their adventurous side. 2-3 times daily excursions (one in the morning, one in the afternoon) may include but are not limited to kayaking in the calm creeks and lakes, fishing for piranhas at sunset, skirting the riverbanks in search of playful creatures, birdwatching and trail walks. Optional early birdwatching excursions before breakfast are also available for those who are up for the challenge!

For day-to-day itineraries, please consult your trip advisor.

Tailor-Made Charters: These allow us to personalize your Amazon voyage. In addition to our regular itineraries, we can create a unique, fully custom-designed program just for you and your loved ones. Bird watching, professional fishing, and deep exploration of jungle trails are just some examples of specialized daily excursions we can arrange for your specific group's interests, skills, and sense of adventure.

DEPARTURE DAYS

DELFÍN I

3 Nights program: Mondays - Thursdays
4 nights program: Thursdays - Mondays

DELFÍN II

3 Nights program: Sundays - Wednesdays
4 nights program: Wednesdays - Sundays

DELFÍN III

3 Nights program: Saturdays - Tuesdays
4 nights program: Tuesdays - Saturdays

SUSTAINABLE TRAVEL

At Delfín Amazon Cruises, giving back to the communities of the Amazon has always been one of our highest priorities. The local people have enriched our guests' experiences for two decades, and we are committed to supporting their wellbeing while helping preserve their traditions and way of life.

Throughout our vessels, handmade textiles and artisanal pieces crafted by local women bring the culture and colors of the Amazon on board. During excursions, community members often accompany our guests, sharing their knowledge of the rainforest.

Throughout our cruises, guests visit small riverside communities, creating meaningful opportunities for cultural exchange and authentic connections. These visits, along with our long-standing artisan partnerships and community initiatives, allow us to contribute to sustainable development while offering a deeper understanding of life in the Peruvian Amazon.

CREW & GUIDES

We have assembled a talented and experienced team of naturalist and interpretive Amazon River guides who are the most important and essential ingredient in our cruises. Their expert knowledge of plants and birdlife, and the history of this part of the Amazon, will be the difference between a visit to Peru and an unforgettable life experience in the jungle. Put together, they have decades of invaluable experience.

Most of our guides were born and raised in the rainforest they now call their office, in small communities that are spread throughout the Peruvian Amazon. They spent their childhoods walking the forest paths, climbing trees to pick fruit, fishing the small streams, and chasing iguanas along the shoreline.

Now, they are proud to share their knowledge and passion with our travelers from around the world. Many of them have also participated in training sessions and projects with Peruvian and North American professors, researchers, scientists, and other professionals of similar leagues. All our guides are bilingual in Spanish and English, and some have additional language aptitudes. You will also discover during a cruise that they have delightful musical talents to boast!
